**Develop Your People
Grow Your Business**

Introduction

The **Childcare Development Methodology** course is intended to provide child care professionals with the basic principles of child growth and development. You will also learn how these principles affect children’s learning, and best practices associated with guiding children’s behaviors toward appropriate expectations, and methods associated with addressing challenging behaviors. Participants will understand the role of Developmentally Appropriate Practice in the design of quality care environments. It also studies the assessment and planning for individual needs for all kids.

Create a Safe and Stimulating Environment

Delve into creating a nurturing environment that fosters a child's well-being and development; safety protocols, stimulating play areas & more.

Understanding Children's Needs

Equip yourself to identify and meet the individual needs of each child; recognizing developmental delays, cultural competency & more.

Develop Play-Based Learning

Understand the importance of play and how to create play-based learning experiences that are both enjoyable and educational.

WHY JOIN THIS COURSE?

Pursue a rewarding career in childcare

Witness the early years of child's development and contribute to a child's future success

Gain Valuable Knowledge

Learn about child development milestones, from social skills to cognitive development

Broaden Your Career Options

Open doors to a variety of careers working with children as a childcare worker, preschool teacher, etc

Course Outline

MODULE 1:

Foundations of Kindergarten Education

MODULE 2:

Child Development & Psychology

MODULE 3:

Creative School Decoration Management

MODULE 4:

Primary School Knowledge And Methodology

FOUNDATIONS OF KINDERGARTEN EDUCATION

MODULE 1

ABOUT THIS MODULE

The Foundations of Kindergarten Education course aims to equip you with the knowledge and skills necessary to effectively teach young children in kindergarten. It will build upon your understanding of child development and focuses on the "how" of teaching young children effectively. This course is designed to be a springboard for your journey as a kindergarten educator. By the end of the course, you will be able to;

- Design and deliver engaging lesson plans aligned with kindergarten learning standards.
- Implement developmentally appropriate teaching strategies; play-based learning, technology integrated learning, etc.
- Craft a positive and well-managed classroom environment that fosters student engagement, social-emotional development, and effective learning.
- Utilize formative assessments to monitor student progress, identify learning needs, and adapt instruction accordingly.
- Create a supportive learning community for young children.

TOPICS INCLUDED

- Kindergarten Teaching Methodology (Listening)
- Kindergarten Teaching Methodology (Speaking)
- Kindergarten Teaching Methodology (Reading)

This course is delivered in approximately 24 hours OR in 3-days (8 hours/day). Participants will receive a Certificate of Participation upon successful completion of the course.

WHO SHOULD ATTEND?

This course is for Preservice Teachers, New/Experienced Kindergarten Teachers, Teacher's Aides/Assistants, and anyone who wants to start a career in Kindergarten Teaching.

CHILD DEVELOPMENT & PSYCHOLOGY

MODULE 2

ABOUT THIS MODULE

The Child Development & Psychology course focuses specifically on the developmental stages and psychology of children in the kindergarten age range (typically 5-6 years old). You will understand how young minds blossom in kindergarten. You will gain the knowledge and practical skills to create a nurturing and stimulating learning environment that caters to their unique needs;

- **Analyze key developmental milestones** in kindergarteners across physical, cognitive, social-emotional, and language domains.
- **Design and implement play-based learning activities** that promote engagement and align with curriculum goals.
- **Utilize positive discipline techniques** to create a well-managed classroom environment that fosters self-regulation.
- **Develop strategies to differentiate instruction** and meet the diverse learning needs of kindergarten students.
- **Establish effective communication strategies** for collaborating with parents and families of kindergarten students.

TOPICS INCLUDED

- Child Development & Psychology . . .
- Child Development Milestone . . .
- Tasks and duties of Kindergarten Teachers . . .
- Mindful Meditation . . .

This course is delivered in approximately 16 hours OR in 2-days (8 hours/day). Participants will receive a Certificate of Participation upon successful completion of the course.

WHO SHOULD ATTEND?

This course is for Preservice Teachers, New/Experienced Kindergarten Teachers, Teacher's Aides/Assistants, Homeschool Parents, and anyone who wants to start a career in Kindergarten Teaching.

CREATIVE SCHOOL DECORATION MANAGEMENT

MODULE 3

ABOUT THIS MODULE

The Creative School Decoration Management course will guide you to transform your classroom into a vibrant and functional learning platform for young learners; specifically tailored to the unique needs of kindergartners. This course also equips you with practical skills like Age-Appropriate Design. At the end of the course, you will gain the knowledge and skills to design, implement, and manage decorations that;

- **Ignite Curiosity and Spark Creativity:** Learn how to create visually engaging decorations that capture the imagination of young learners and encourage exploration.
- **Support Learning Through Play:** Discover how to seamlessly integrate decorations with the curriculum, turning them into tools for reinforcing learning objectives in a fun and interactive way.
- **Explore Strategies** for designing decorations that create a sense of security and belonging for your kindergartners.
- **Promote Collaboration and Ownership:** Learn how to involve your students in the decoration process, fostering a sense of ownership and pride in their classroom environment.

TOPICS INCLUDED

- Learning Through Play
- Classroom Management
- Decoration and Creative Teaching Tools

This course is delivered in approximately 16 hours OR in 2-days (8 hours/day). Participants will receive a Certificate of Participation upon successful completion of the course.

WHO SHOULD ATTEND?

This course is for Classroom Teachers, Art Teachers and Specialists, Classroom Parents and Volunteers, even School Administrators, and anyone who wants to start a career in Kindergarten Teaching.

PRIMARY SCHOOL KNOWLEDGE AND METHODOLOGY

MODULE 4

ABOUT THIS MODULE

The Primary School Knowledge And Methodology course aims to equip you with a well-rounded skillset for teaching effectively in a primary school environment. You will gain the confidence and skills to create engaging and effective learning experiences for your primary school students, fostering their academic growth and social-emotional development. At the end of the course, you will be able to;

- **Develop strong foundational knowledge** in core subjects; Mathematics, Khmer Literature, Science, and Social Studies across the primary school grades.
- **Demonstrate a comprehensive understanding** of core curriculum content aligned with primary school grade-level standards.
- **Design and implement engaging lesson plans** that incorporate clear learning objectives, diverse teaching strategies and formative assessments for different grade levels within the primary school range.
- **Master a variety of engaging and developmentally appropriate teaching strategies** suitable for different subjects and age groups within the primary school range.

TOPICS INCLUDED

- Teaching Mathematics
- Teaching Khmer Literature
- Teaching Science
- Teaching Social Studies

This course is delivered in approximately 24 hours OR in 3-days (8 hours/day). Participants will receive a Certificate of Participation upon successful completion of the course.

WHO SHOULD ATTEND?

This course is for Preservice Teachers, New/Experienced Kindergarten Teachers, Teacher's Aides/Assistants, Homeschool Parents, Subject-Specific Teachers, and anyone who wants to start a career in Kindergarten Teaching.
